Here's what alumni of the program have to say:

"When I first decided to do the Study Abroad Program in Greece, I was most excited about the hot weather, beautiful people, and great beaches. As soon as I actually got to Greece, the experience gave me so much more than just that. I can honestly say that I gained a new perspective on Greek culture and even my own way of life."

"I got a wonderful opportunity when I got accepted into the Greece program. I picked a once in a lifetime experience that will stay with me for the rest of my life."

Program Description:

Ancient Greece, in particular Athens, is keystone to understanding Western culture, science, philosophy, society, theater, literature, mathematics, art and our form of democracy. Study where western civilization began; immerse yourself in the culture and the land that introduced many of the ideas that we in the Western world hold dear to our hearts.
