Business On The Go

QR Codes, Mobile Websites and Mobile Apps

DIGITAL NATIVES

But first, a story about Ben's grandma

A few years back, Ben's grandmother bought a computer and an internet connection. She was happy as a clam.

A few days later, she read an email that she wanted to share with her grandson.

So, she forwarded it to him.

Later that week, Ben got this:

That's what we fix

She was a Digital Immigrant We're Digital Natives

ADIGITAL NATIVES

We're a full service digital agency focused on putting our clear native insight to work for your business.

Mobile Web

It's not here that most users will engage with or encounter your brand

Today, those interactions will take place here

I can't find the hours of operation!

This thing takes too long to load, I'll just visit Wal-Mart.

I forgot the name of that company I wanted to lookup when I got home. They didn't have a mobile-friendly site.
